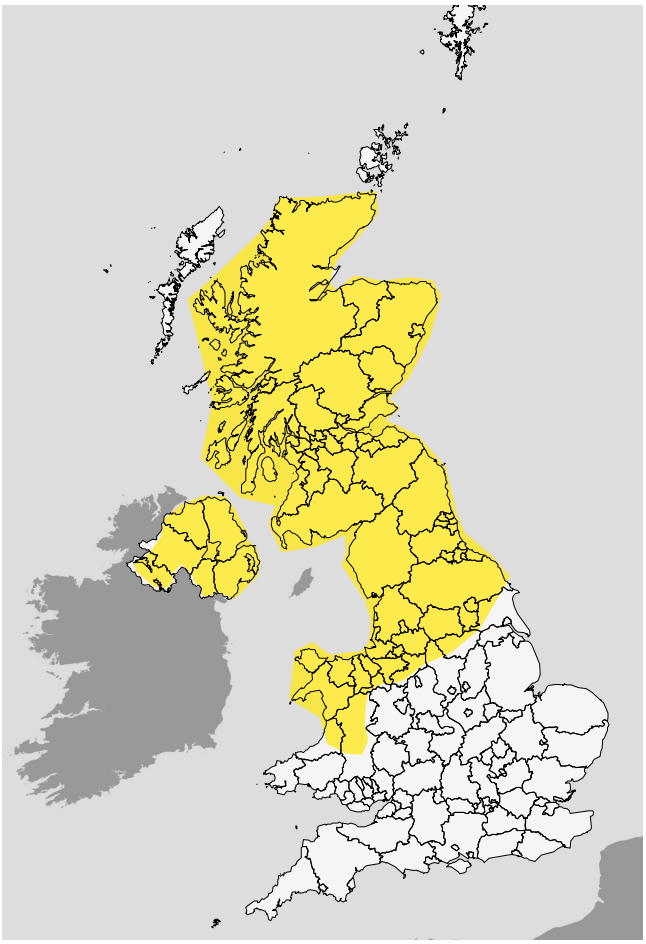
Yellow warning
Thunderstorm

Between
04:00 Sat 7 Aug 2021 and
23:59 Sat 7 Aug 2021



Heavy, slow-moving showers, some thundery, may cause travel disruption and flooding in a few places.

What to expect

- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a small chance that homes and businesses could be flooded quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds

Further details

Heavy showers are expected to break out across much of the UK again on Saturday. The heaviest showers are expected within the warning area where some of the showers will be slow-moving and thundery.

Not all locations will be affected by the heaviest showers, with some areas escaping much in the way of rainfall. However, where the showers do occur there is potential for a further 20-30 mm of rain in a relatively short time period and during the course of the day there is a chance that some places could see as much as 50-70 mm building up.

Very low likelihood of medium impacts
